**VILLAGE OF PARK FOREST  
BOARD OF TRUSTEES  
SATURDAY RULES MEETING  
September 7, 2013**

**PRESENT:** Mayor John Ostenburg, Trustee Mae Brandon and Trustee Theresa Settles; Village Manager Tom Mick and Director of the Health Department Jenise Ervin

**ABSENT:** Trustee JeRome Brown, Trustee Gary Kopycinski, Trustee Georgia O'Neill and Trustee Robert McCray

**VISITORS:** Donna Armellino and John Armellino of 315 Shabbona and Pat Tieder of Herndon Street

Mayor Ostenburg called the meeting to order at 10:05 a.m.

Donna Armellino stated she was present to speak to the Board about a water bill issue. She rents the property at 315 Shabbona to a tenant and the tenant is behind in her water bill payments. Ms. Armellino stated she does not think it is fair that the landlord is responsible for a water bill. She informed the Board the tenant is a section 8 renter and would like to clarify whether the housing voucher is in jeopardy with the issue of unpaid water bills.

The Mayor commented that there is a contractual relationship between the renter and the landlord; the Village cannot become responsible for breach in that contract specifically because the landlord owns the property. Village Manager Mick noted that the risk/reward associated with rental property is assumed by the owner. The landlord should obtain security deposits to cover associated risks. Mayor Ostenburg requested the Village Manager follow up with the Housing Program Manager Ernestine Watson and get back to Ms. Armellino to answer the question related to jeopardizing the housing voucher. Trustee Brandon stated the fees associated with the late water payments are not part of the General Fund and are restricted to the Water Fund and Mayor Ostenburg noted the cost associated with late payments outweigh any fees collected for late payments. Mr. and Mrs. Armellino departed at 10:23 a.m.

Ms. Tieder spoke to the Board about the condition of the properties along Western Avenue, the fencing along Route 30, backyards in her neighborhood, a tight left turn lane located at Indiana and Orchard that presents a safety issue and vacancies at Indiana and Illinois streets. Mayor Ostenburg will speak to the Chicago Heights Mayor regarding the Western Avenue properties. Village Manager Mick explained the work in process for the use of grant monies to build vegetative fencing on Route 30. He also explained backyards can be cited for code violations if the Building Department is allowed to view the properties from Ms. Tieder's home and Mayor Ostenburg suggested the Mediation Program if nothing else works. Village Manger Mick will view the intersection that may be a safety issue. Ms. Tieder was asked to call the Building Department with issues related to vacant properties and mowing. Ms. Teider departed at 11:03 a.m.

Before adjournment, the Board heard from Director Ervin regarding a Care Giver Resource event scheduled for Thursday, November 14 at Village Hall. Mayor Ostenburg inquired into the procedure when a person in need has no family members in the area. Director Ervin informed the Board there will be legal representative that may be able to answer such questions although she will look into it further. Mayor Ostenburg requested the five Co-Ops be notified of the special event as it has been a concern throughout.

With nothing else to discuss, the meeting was adjourned at 11:14 a.m.

Respectfully submitted,  
Sandra Salmen, Recorder

## VILLAGE OF PARK FOREST

### MEMORANDUM

**TO:** Mayor John Ostenburg  
Village Board of Trustees

**FROM:** Thomas K. Mick,  
Village Manager

**DATE:** October 15, 2013

**SUBJECT:** Single Family Refuse Hauling Contract

### BACKGROUND/DISCUSSION:

In accordance with local ordinance, the Village facilitates a mass contract for the pickup of garbage from single family homes in the Village. For the 5,600 such homes in Park Forest, a ten-year contract with Star Disposal will be expiring as of December 31, 2013. Prior to this, the Village had at least 2 three-year contracts with Star Disposal and the relationship with this service provider dates back more than 20 years. Residents are currently charged \$19.85 per month for unlimited pickup service. This fee includes:

- Weekly refuse pickup and every other week recycling pickup for \$17.32 per month
- Village costs for postage and processing of payments totaling \$2.53 per month

In conversations with the Mayor, it was determined that a contract extension be discussed with Star Disposal. Village legal counsel has opined that such a service contract can be negotiated with a preferred vendor and is not subject to a mandatory Request for Proposal process. Reasons for bypassing the RFP process are as follows:

- Star Disposal is a local business with longstanding roots in the community.
- The company is a significant contributor to the Park Forest business community and is a major property tax payer.
- Over the course of the past 10 year contract, Star Disposal provided, at no cost to residents or the Village, user friendly rolling carts for both garbage and recycling. Additionally, smaller or multiple carts are made available for seniors or larger families, respectively, as may be requested by Park Forest residents. These carts have made for a positive transition for garbage pickup days in which recycling and garbage materials are not prone to be blown about the community due to wind or strewn about due to raccoons, etc.
- Based on staff reports, the customer service has been top notch as provided by Star Disposal.

- In 2011/2012, Star Disposal began efforts to make green its rolling fleet by converting from diesel to compressed natural gas.

Over the past few months, Staff has been negotiating with Star Disposal to develop a refuse hauling agreement (attached) to succeed the current contract when it expires at the end of this year. The proposed deal would be a 5 year contract with a potential 5 year renewal. Highlights of the new contract include the following:

- The monthly pick up rate will be decreased from \$17.32 to \$17.05 per month (section 9).
- The annual increase in rates will be 3.5% in years 2 through 5 (2015 – 2018).
- Pending CPI analysis in years 3 – 5, the rate increase for year 6 will be either 0% or 3.5%.
- A franchise fee (section 10) of \$5,000 annually to be used at the Village's sole discretion. This replaces the expiring contract language which rendered \$2,000 annually for recycled goods revenues.
- The Village will be allowed to dump annually, free of charge, up to 400 tons of streetsweeping debris (section 17). The cost for the Village to carry out this service is approximately \$20,000 annually.
- Yardwaste stickers will be \$2.35 each and yardwaste bags will be \$2.85 per bag. Residents will also have the option to rent a 95-gallon toter for yardwaste at a fee of \$11.00 per month.
- Free garbage and recycling pickup at all Village facilities as noted in Schedule I

In addition to the above noted highlights, several items are new to the proposed contract which are in accordance with the Park Forest Sustainability Plan. These include quarterly reporting requirements of the following:

- All residential recyclable refuse collected within the municipal boundaries.
- Total number of tons of garbage collected.
- Total tons of yard waste and landscape waste collected.
- The approximate percentage of residents participating in the recycling program.
- Total number of hours spent on waste and recycling pick up in the Village for the quarter with the purpose of identifying the benefits of using Compressed Natural Gas Trucks vs. Diesel.

Another item needing to be addressed with the issue of single family refuse hauling is the

Village’s cost for monthly mailing and billing services. As noted above, this cost is currently at \$2.53. This figure has not increased at all over the course of the expiring contract (10 years). As a result, the fee has not kept pace with the associated costs. To catch up, Staff is proposing that this fee be increased to \$2.80 in year one of the new contract with this fee to be increased at an annual rate of 2.5%.

Keeping in mind the proposed rates for both the contractor’s refuse/recycling hauling fee and the Village’s administrative fee, following is a chart of what can be expected for single family residents over the course of the proposed 5 year + 5 year contract.

	<u>Refuse</u>	<u>Admin Fee</u>	<u>Total</u>
<u>Current</u>	\$17.32	\$2.53	\$19.85
2014	\$17.05	\$2.80	\$19.85
2015	\$17.65	\$2.87	\$20.52
2016	\$18.27	\$2.94	\$21.21
2017	\$18.91	\$3.02	\$21.93
2018	\$19.57	\$3.09	\$22.66
2019	\$19.57	\$3.17	\$22.74
2020	\$20.26	\$3.25	\$23.51
2021	\$20.96	\$3.33	\$24.29
2022	\$21.70	\$3.41	\$25.11
2023	\$22.46	\$3.50	\$25.96

The above chart reflects a 0% increase in year 6 of the contract pending CPI results in years 2015, 2016 and 2016.

As part of the Village’s discussion of this issue, representatives from Star Disposal will be in attendance at the October 7<sup>th</sup> Rules Meeting. Pending Village Board discussions and final details in the contract, an associated ordinance will need to be drafted establishing refuse rates for 2014 – 2018. With the uncertainty of the rate increase for year 6, another ordinance would be needed in 2018 to establish rates for 2019 – 2013.

**SCHEDULE FOR CONSIDERATION:**

This item will be on the October 21, 2013 Consent Agenda for Board consideration and approval.

Star further agrees to take affirmative action to ensure that applicants are employed, and that employees are treated during employment without regard to their race, creed, color, religion, age, sex, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; rates of pay or other forms of compensation and selection for training, including apprenticeship. Star agrees to post in conspicuous places, available to employees and applicants for employment, notices setting forth the provisions of this nondiscrimination clause. Star further agrees that this clause will be incorporated in all contracts entered into with suppliers of materials services, contractors and subcontractors and all labor organizations furnishing skilled, unskilled and craft union skilled labor, or who may perform any such labor or services in connection with this Agreement. Star also agrees to pay prevailing wages as required by Illinois law.

## **EXHIBIT A**

### **YARD WASTE DISPOSAL:**

The hauler will provide for separated curbside pick-up of yard waste from April 1' through November 30' each year. Yard waste pick-up shall be done on the same day as garbage and recycling pick-up. Below are two collection methods that the Village requires the haulers to use:

Method #1- Thirty (30) gallon biodegradable Kraft paper bags may be used for yard waste. The homeowner shall have the option to purchase these bags from any local store or from the Village or contractor. The preprinted bags purchased from the Village or contractor shall include the cost of pick-up and disposal by the contractor. For the bags purchased from local stores, the resident would be required to purchase a sticker from the contractor or the Village to cover the cost of pick-up and disposal.

Method #2 - Upon the request of the resident, the hauler will provide a 95-gallon wheeled yard waste cart for rent to all single family residences. Residents will be allowed to rent additional containers if necessary. These containers will be used for yard waste from April through November. The containers may be used for regular refuse disposal from December through March. Rental cost of the yard waste carts and the pick-up cost will be billed directly to the participating residents by the hauler.

The hauler will be required to provide Christmas tree pick-up service in January of each year during the hauler's contract at no additional cost. The hauler will also pick up 3 to 4 bundles of branches per week at no additional cost to the resident. The bundles must be cut into 5 feet (or less) lengths and no branch may be greater than 4" in diameter.

The hauler will be responsible for providing (upon request) quarterly reports to the Village verifying that collected yard waste has been forwarded to an appropriate composting center. These reports are important to assure that the Village program meets the legislative standards of 15% and 25% waste reduction set forth in the Illinois Solid Waste Planning and Recycling Act.

**RE:** Acquisition of One (1) 2013 Ford Transit Utility Vehicle

**BACKGROUND/DISCUSSION:**

The 2013/2014 Police Department budget includes \$30,000.00 in funds for the replacement of the Community Service vehicle. This vehicle has multiple uses but its main function is serving as the day-to-day squad for the two Part-Time Community Service Officers. Attached is the price invoice from Terry Lincoln-Mercury in Peotone. The South Suburban Mayors and Managers Suburban Purchasing Cooperative is no longer in effect. However, Terry's is matching the price for the State purchasing bid cost. In the past several years the Police Department has purchased vehicles from Terry Lincoln-Mercury with positive results. It is Staff's recommendation to purchase the vehicle from Terry Lincoln-Mercury. This vehicle will be replacing a 2005 Ford F-150 pick-up truck that currently has 111,000+ miles. The amount to be approved is:

(1) 2013 Ford Transit Utility Vehicle	\$20,404.00
Total	<u>\$20,404.00</u>

This price leaves sufficient funds for converting the vehicle within the total budget.

**SCHEDULE FOR CONSIDERATION:**

This item will appear on the Regular Meeting Agenda of October 21, 2013 for Board approval.

The change is identified in the attached ordinance.
