(property address)

The Village of Park Forest requires that a Building Permit for work be obtained by the property owner prior to work being performed.

I understand the Park Forest Municipal Code of Ordinances allows for the homeowner to work on his/her own home by him/herself, or with the help of **unpaid** family/friends. A person receiving any type of compensation for working on a home is considered a contractor. Any *contractor* must be *licensed* by the Village of Park Forest to do work within the Village. I will not be compensating any person assisting me in this project.

I also know that I need to be present when the work is being done on my home, and accept responsibility for the work being done correctly.
