

# A FREE Self-Care Wellness & Screening Event for Everyone!

*An Exciting In-Person Event to Change Your Life!*

**Thursday, June 3<sup>rd</sup> 5:30-8:30pm** (Central Time)

*Refreshments Served at 5:30pm, so come early!*

**Park Forest Village Hall  
350 Victory Drive — Boardroom  
Park Forest, IL 60466**

**Text (708)203-1443 to Reserve Your Seats!**

ANTIVIRAL AIR PURIFIERS WILL BE ON DURING THIS EVENT TO MAKE IT A "SAFE SPACE" FOR EVERYONE!

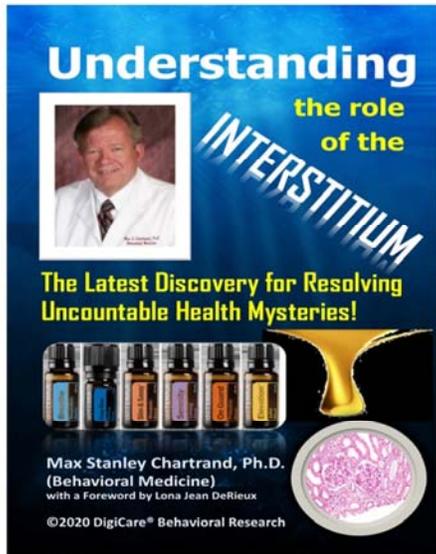

**Our special guest speaker will be Dr. Max Stanley Chartrand, Ph.D., CSP,** (Behavioral Medicine), award-winning CSP Keynote Speaker, highly published medical researcher & best-selling author. In 2020 he was inducted into *Who's Who in America*. He is profoundly deaf & utilizes a cochlear implant and assistive technology for communication.

In this live, in-person self-care event, he review where we are today where people are getting chronically sicker and seeking help in the emergency rooms and urgent care clinics, not knowing that they could have what they need right at their fingertips. He will review how wellness, acute care & self-care all fit together and how we may dramatically reduce the need for acute care through proactive use of wellness & self-care, including with essential oils.

He will be assisted by **Wellness Advocate Nona Frazier**, a leader in his Chicago Area Group, who will be soon opening a Wellness Center in the Park Forest area.

Dr. Chartrand & Ms. Frazier will be accompanied by a trained staff for the two days following the seminar (Fri & Sat) to be available by appointment only to provide Biomarker Screenings\* at no charge & where participants will be given an opportunity to become part of Dr. Chartrand's *Nobody's Fools Wellness Team*. Those who join his team during this event will receive a free, autographed copy of his new book titled *Understanding the Role of the Interstitium: The Latest Discovery for Resolving Uncountable Health Mysteries!* "Everyone needs this book!"

**Bring a Friend or Family Member & Get Ready for a Fantastic Adventure!**

*\*Note: The content and materials of this consumer seminar & subsequent biomarker screenings are not meant as medical diagnosis or treatment, but are for consumer education and referral purposes only. There is no cost or obligation to participate, but much potentially life-changing information to gain.*
